

## Winnipeg Wind Ensemble

The 50-member Winnipeg Wind Ensemble was formed in the fall of 1985 by band directors and other professional musicians dedicated to bringing wind band music of the highest quality to Winnipeg audiences. The ensemble has been a guest on the Prairie Performances concert series, the International Music Camp Summer Concerts, and the Optimist International Band Festival, in addition to the presentation of an annual concert series.

In concert, the Winnipeg Wind Ensemble regularly includes soloists and chamber groups from within its talented ranks. They have also had the pleasure of featuring special guests artists, such as trumpet legend Armando Ghitalla and tuba player John Griffiths. The ensemble has performed along side the Winnipeg Philharmonic Choir, the University of Manitoba Wind Ensemble, the Manitoba Senior Honour Band and other Winnipeg groups.

## What is a Wind Ensemble?

A wind ensemble is similar to a concert band or symphonic band in that each of the ensembles includes parts for woodwinds, brass, string bass and percussion. The difference between them is their size. Whereas a concert or symphonic band can often reach a size of 75 or more, with many players on the same part in each section, a wind ensemble employs little or no doubling. However, the definition of a wind ensemble is flexible enough that it can be augmented or pared down according to the requirements of each piece. The Winnipeg Wind Ensemble regularly doubles some parts, enabling it to perform a wide variety of wind literature.
